

Trail Historical Society

The Trail Historical Society is attempting to expand its membership base and gain broader community support for its activities in the community.

The Society requests you consider becoming a member in one of the three categories noted below. In return for your support, you will receive newsletters containing Society news, upcoming events and historical notes, and 10% off in the Trail Museum & Archives Gift Shop at the Riverfront Centre.

The Trail Historical Society is organized to collect, preserve, and make available to the public, the history of Trail. We are very active in the community and hold monthly meetings in the Trail Museum at the Riverfront Centre. With your support, we can continue to improve our collections and undertake projects to celebrate our community's significant heritage.

JOIN US TODAY!
